WEB CONTENT ACCESSIBILITY GUIDELINES

REFERENCE: WCAG 2.2, OCTOBER 2023

TABLE OF CONTENTS

1. OUR COMMITMENT TO ACCESSIBILITY

1. At CompuSoft, we strive to deliver user-friendly and accessible e-commerce solutions that meet the needs of all users, regardless of technical or functional challenges.

2. COMPLIANCE WITH ACCESSIBILITY STANDARDS

1. This statement outlines our efforts to ensure that our solutions comply with the applicable EU Web Accessibility Directive (Directive (EU) 2016/2102) as well as national guidelines and legislation on web accessibility in individual member states.

3. OUR APPROACH TO WEB ACCESSIBILITY

1. We continuously work to ensure that our software and digital solutions adhere to:
    a. Web Content Accessibility Guidelines (WCAG) 2.2, Level AA
    b. National legal requirements in relevant markets, including for public sector entities

2. Our team integrates web accessibility into the design, development, and testing processes to deliver functional and inclusive solutions.

4. WHAT WE DO TO ENSURE COMPLIANCE

1. Design and Development: We apply best practices for universal design, ensuring that solutions are navigable and accessible with assistive tools such as keyboards and screen readers.
2. Testing and Validation: We conduct internal audits and test web accessibility in accordance with the WCAG 2.2 standard.
3. Continuous Improvements: We listen to feedback from users and partners to identify and address potential accessibility issues.

5. ACCESSIBILITY STATUS

1. Our software is largely compliant with WCAG 2.2, Level AA, but we are continuously working to resolve specific issues to ensure full compliance.
